	Faculdade De Ciências Do Desporto E Educação Física, Estádio Universitário de Coimbra, Avenida de Conímbriga, Pavilhão 3, 3040-248 Coimbra, Portugalija Pozvan sam od strane Univerziteta Coimbra da sprovedem naučnoistraživačke aktivnosti koje smo već ranije detaljno dogovorili. U saradnji sa domaćinima na Fakultetu za sportske nauke i fizičko vaspitanje Univerziteta u Coimbri, imao sam priliku da razmijenim dosadašnja iskustva u oblasti svog interesovanja, i dobio priliku da budem obučavan od strane iskusnih stručnjaka sa institucije domaćina da koristim specifičnu opremu za praćenje kretanja fudbalera na terenu, te analizirao i diskutovao o prikupljenim podacima kao i onima koji postoje u njihovoj bazi i time stekao neprocjenjiva iskustva. Bjelica Duško	Dusko Bjeica Montenegrin Sports Academy 23rd Conference Podgorica Sports Science, Medicine &

	Health Forum 2025 Innovations, Achievements, Synergy and Challenges - A Bridge to the Future 18th-19th September 2025 This conference will not have the classic format where scientific and professional papers are presented as is customary. The idea is for participants to present live, through oral presentations, the scientific research and projects they or their colleagues from their institutions are involved in. Our desire is for the presentations to enable presenters to showcase a specific topic of their scientific work, in order to bring the research closer to those interested and to potentially involve colleagues from other institutions in the research being conducted at the authors' institutions. Each presenter will have 25 minutes at their disposal, but we kindly ask that the presentation of scientific research concludes within a maximum of 15 minutes, so that the remaining 10 minutes can be used for questions, answers, and potential ideas. We will soon upload such a presentation to the conference website to more clearly illustrate the idea and goal of this approach. All interested parties will be able to submit abstracts of scientific and professional papers, but these papers will be presented via e-posters (digital posters without printing). Abstracts of all papers will be published in a special issue of the Montenegrin Journal of Sport Science and Medicine (MJSSM), which is cited by Scopus and Web of Science (details available on the conference website). Authors will send digital poster presentations. Sub-Themes Include: Adapted Physical Activity Anthropology Architecture and Urbanism Biochemistry Biomechanics Coaching Economics Health and Fitness History Molecular Biology Motor Learning Neuromuscular Physiology Nutrition Olympism Philosophy and Ethics Physical Education and Pedagogics Physiology Physiotherapy Psychology Rehabilitation Sociology Sport Management and Law Sport Statistics and Analyses Sport Technology Sport Tourism Sports Medicine and Orthopaedics Training and Testing Traumatology Medicine Health Multi- & Interdisciplinary Themes Link:https://csakademija.me/conference_podgorica/
